**MR. MADHURA DHARMARATHNE**  
FOUNDER. FEEL LANKA

Dear Riders,

It gives me immense pride to welcome you to Ride Colombo 2026.

At FEEL LANKA, we believe in creating experiences that inspire people to feel deeply, connect meaningfully, and move forward with purpose. Ride Colombo is one such experience, a platform where strength meets community and movement becomes a message.

Today, you are not just participating in a ride. You are contributing to a growing culture of confidence and connection. You are showing that empowerment is not just spoken, it is lived.

As you gather at Galle Face Green and take that first pedal forward, remember that this moment represents courage, unity, and progress.

Thank you for being part of this journey.  
May you ride with joy, pride, and purpose.

**MR. PRAVEEN RAJAPAKSHA**  
EVENT DIRECTOR. RIDE COLOMBO

Dear Riders,

Welcome to Ride Colombo 2026, a movement built for you.

From the very beginning, our vision was simple: to create a safe, inclusive, and empowering space where women of all backgrounds could come together and ride, not to compete, but to celebrate strength and community.

Seeing each of you here today is proof that this vision has become a reality.

This event is not about finishing first. It is about showing up. It is about courage, confidence, and the powerful message we send when we ride together.

Thank you for trusting us, for believing in this movement, and for being part of something bigger than a single day.

Ride safely. Ride proudly.  
And most importantly, ride with your voice.

**LUMALA**

# ENABLING GREENER JOURNEYS
